UNIQUENESS- PDPSI

UNIQUENESS OF PDPSI

- Contains
 - 12 Standards
 - 50 Model Implementation Specifications (MIS)
- Incorporates flexibility to create Risk specific Implementation Charter
 - based on a “Deviation Justification Document” and
 - adoption of modified implementation specifications referred to as “Adopted Implementation Specification”
- Uses the MIS based evaluation for DTS calculation
- Provides option for disclosure or non disclosure of DTS

FDPPI-DNV COLLABORATION

- A Non Exclusive mutual cooperation arrangement
 - DNV to use FDPPI-DNV DTS
 - FDPPI to provide Certification programs for DNV customers
 - FDPPI and DNV may conduct joint assignments related to training and audit

OUR RESOURCES

- Every one of our members is a resource for Pro Bono activities
- Supporting members (37) are resource for execution of projects
 - Each Supporting member is himself a small Audit or Training Company with its own set of professional employees.
 - FDPPI will undertake projects which will be executed by the Supporting Members
 - FDPPI capacity is therefore equivalent to 37 small firms.
 - Six of these firms have already entered into a contract to be “Certification Bodies” for PDPSI based audit and DTS evaluation
 - They are mandated to use at least one Certified Global Privacy and Data Protection Auditor as the project lead.
 - The audit reports are reviewed by FDPPI for quality purposes
