## Be a FDPPI Member

Being a member of FDPPI opens a door of opportunity to the aspiring professionals who want to work in the Personal Data Protection Eco System as Data Protection Officers or Data Auditors or in any other capacity. Being a member is a sure step towards career growth in the fast-engulfing Privacy and Data Protection era.

FDPPI provides globally unique Certification programs leading to “Certified Global Personal Data Protection Consultant” and “Certified Global Personal Data Protection Auditor” or Data Disputes Resolution Professionals.

Members are entitled to receive periodical updates in the form of a Data Protection journal of India and attend knowledge sharing webinars/Seminars under the Jnaana Vardhini series.

As tools of Data Protection to be used by the professionals, FDPPI also has developed services which are subscribed by organizations.

FDPPI also provides an opportunity for Data Protection professionals to develop themselves into Dispute resolution Professionals with specialization in resolving data related disputes.

Individual membership is available at present at a onetime payment of Rs 4000\* for basic membership, Rs 6000/-\* for Foundation membership and Rs 15000/-\* for supporting membership. (\* Subject to change).

**Think Data, Think FDPPI**

# Be a Corporate Member

FDPPi provides many services to Companies and Government organizations engaged in the processing of personal data. Corporate members are eligible to get all services at a discounted rate. Apart from the services available for individuals all of which would be made available to the employees of a Corporate entity at special rates, several services are provided directly to the organizations.

External DPO assistance and Personal Data Governance Guidance and “Data Disputes Mediation and Arbitration Centre “(DDMAC) is made available for companies to support their internal personal data protection governance system.

FDPPi offers the PDPSI framework as a Unified open standard to enable simultaneous compliance of multiple data protection laws. PDPSI incorporates the best global privacy principles and is the only framework that incorporates “Data Trust Score” (DTS) as part of the assessment program. Organizations can self-implement PDPSI or use the services of accredited consultants and auditors ensure that they remain compliant.

## Membership Fee

The Corporate Membership fee is a onetime fee based on the number of individual members to be assigned under the membership and not on the basis of turnover. The minimum fees is Rs 18000/\* under which a company can assign three subordinate members to avail of the benefits available to the personal members. If the Company wants to enrol more members, the fees will be higher by Rs. 6,000/- \*for each additional member beyond the first three members. The members may be replaced on an annual basis if required. (\*subject to change)
