FDPPI Membership

Foundation of Data Protection Professionals in India (FDPPI) is a Section 8 company limited by guarantees. It means that it is a not for profit company in the sense that whatever surplus it generates will be used for the objectives of the Company only and cannot be distributed as dividends by the members.

As a Company limited by guarantee, there is no share capital in the Company but members undertake the obligation to contribute an amount upto a maximum of Rs 10,000/- in the contingent event of the Company being liquidated with liabilities being more than the assets. This payment is not related to any donation made at present for the membership eligibility. This is only a contingent requirement as per the constitution of the Company.

As regards eligibility of membership, two kinds of memberships are presently accepted. The first is a "Foundation Membership" for donees who have contributed Rs 6,000/-. It is like a life membership fee as per the current constitution. The second kind of membership is for donees who have paid Rs 15,000/- or more. Such members are called "Supporting Members". Supporting members are allowed to execute joint projects with FDPPI on a revenue sharing basis subject to the project being approved by the Board on a case to case basis.

Those donors who would like to participate in the activities like other members but not undertake the obligation of the guarantee, are enrolled as "Non Voting Members" and would not be eligible to get elected as Central Governing Council members.

There is presently only one application form for both kinds of memberships and it is enclosed.
